

YOU DREAM IT ... WE MAKE IT REAL!

## INVERSIONES MARMOL S.A.S

We are a company located in Medellín, Colombia, with more than 20 years of experience developing high-quality clothing that we distribute all over the country. We have three business lines: Our Own Brand (Muelles), Uniforms and Full Package.

## BUSINESS / LINES

Our company has three business lines: Our Own Brand, Uniforms and Full Package.

## OUR PRODUCTS

We produce: T-shirts - Hoodies - Jogger - Sweater - Shorts

Our production capacity is 1,200,000 units per year.

## OUR FACILITIES

Our Production plant is vertically integrated. It has automatic machinery for the Cutting and the Cutting and the Screen Printing areas. We also have all our processes systematized in our own ERP.

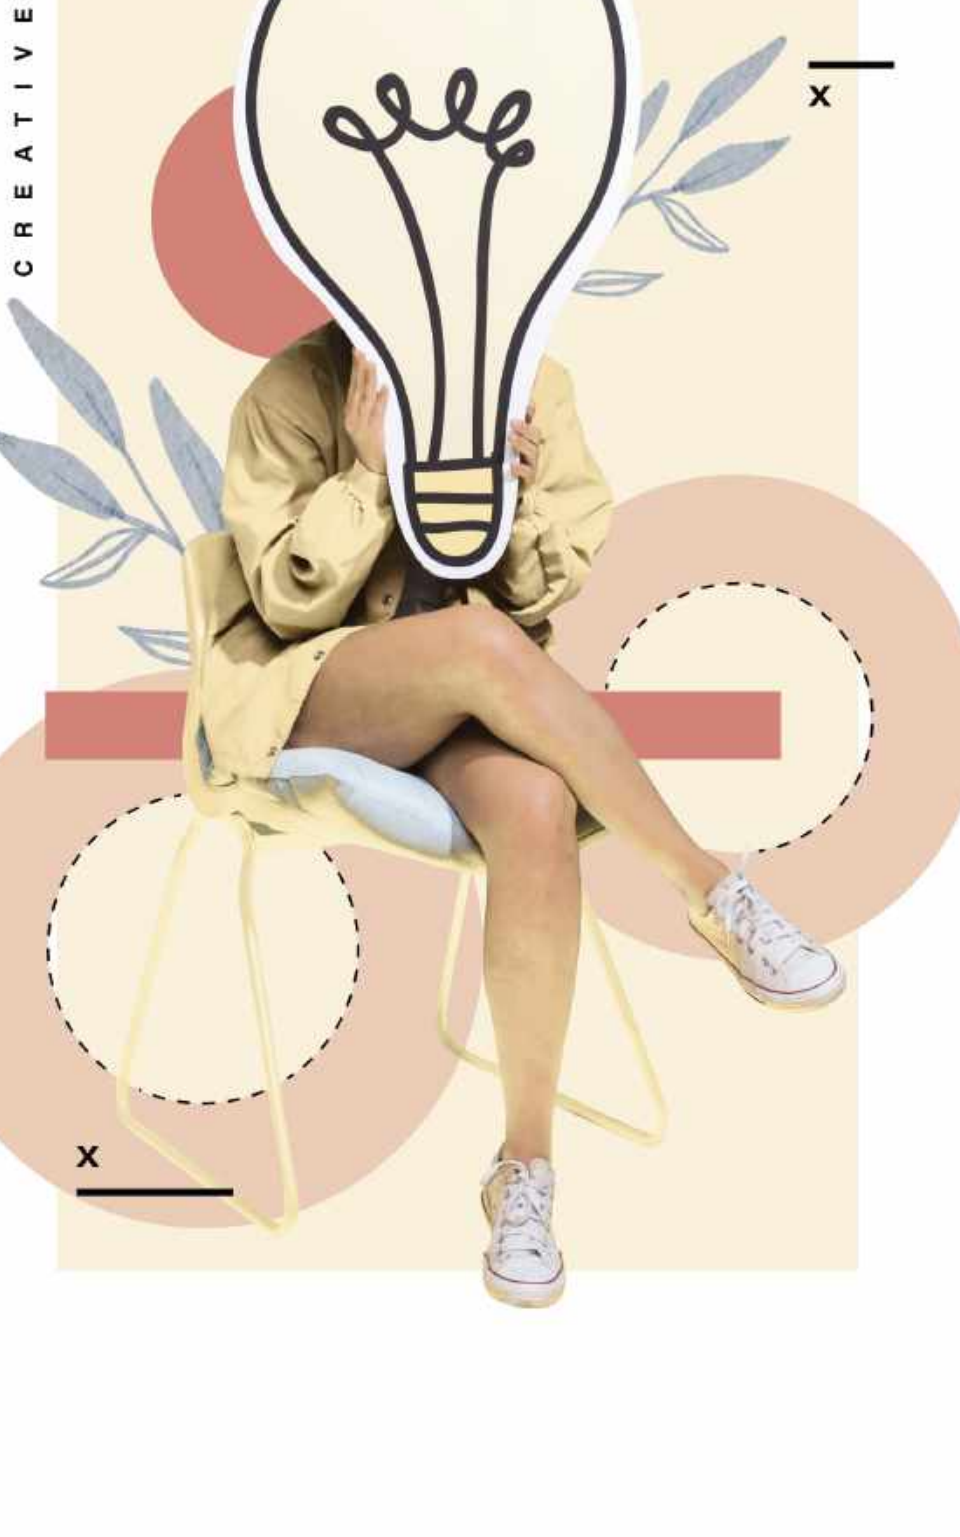

## OUR PROCESS

Our commercial department has an assertive communication. It receives the clients request and presents a solution that meets their needs.

## CREATIVE DEPARTMENT

The creative department develops the ideas of our clients according to the DNA of their brands, merging screen printing techniques. We have fashion experts who know how to read global trends and follow the market.

## ECO FASHION/

We have a business line of sustainable products with the environment. Sustainable fashion is one of the biggest trends in the industry. With ecological fabrics we can make all product categories.

## PRODUCTION/

- automatic machinery for the cutting process (6,000 units per day)
- automatic machinery for the Screen Printing process (5,000 units per day)
